Upon arrival in Nuwara Eliya, a guided city tour reveals the charm of this quaint town, often referred to as the "Little England" of Sri Lanka. Nestled amidst misty mountains and verdant valleys, the town exudes a distinctly British character, evident in its colonial architecture, such as Queen Anne-style mansions and quaint country cottages.

Lunch is served at a local restaurant, allowing a taste of regional cuisine. Nuwara Eliya stands out as one of the coolest regions on the island, reminiscent of an English spring day, though temperatures drop at night. Uniquely, it experiences seasonal changes marked by blooming flowers in spring and autumn—an unusual feature for tropical Sri Lanka. These seasons attract visitors from the lowlands seeking relief from the heat and humidity.

After exploring the town, guests check into their hotel for some rest. The day concludes with dinner and an overnight stay in Nuwara Eliya, offering a relaxing end to a day filled with scenic beauty, cultural insights, and colonial charm.

Following this, travellers stop at a **Hanuman Temple**, offering a glimpse into Sri Lanka's spiritual heritage, before heading to one of the country's famous **tea plantations and tea factories**.

Sri Lanka is renowned as one of the world's leading tea producers, and the central hill country offers an ideal setting to witness this industry firsthand. The vast tea plantations stretch over rolling hills, creating a picturesque landscape. Visitors

learn about the tea-making process, from leaf plucking to drying and packaging, gaining insight into how the **world-famous Ceylon tea** is crafted. There's also the opportunity to taste and purchase freshly made tea. This immersive excursion lasts around 45 minutes.

The journey then resumes with a stop for lunch at a local restaurant, offering a taste of regional cuisine. Upon arrival in Kalutara, guests check in to the hotel. The day concludes with **dinner and an overnight stay in Kalutara**, wrapping up a day rich in nature, culture, and authentic Sri Lankan experiences.

### **DAY 06 (19 SEPT) – KALUTARA – GALLE – COLOMBO (BREAKFAST / LUNCH / DINNER)**

After breakfast at the hotel in Kalutara, visit the Kosgoda Turtle Hatchery. This conservation centre shelters five species of sea turtles, including the Green, Hawksbill, Loggerhead, Leatherback, and Olive Ridley turtles. Eggs purchased from local villagers are incubated and hatched in protected sandy pens. The hatchery, established with support from the Hasselblad Estate, has successfully released over 1.75 million turtles into the ocean.

Next, a serene mangrove boat ride along the Madu River offers a peaceful 1.5 - hour experience amidst lush ecosystems and water-bound landscapes.

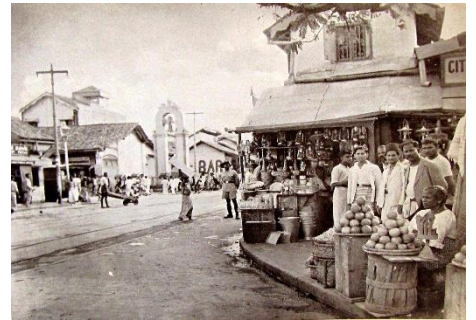

Lunch is served at a local restaurant before heading to Galle Fort, a UNESCO World Heritage Site rich in colonial history. Originally built by the Portuguese, the fort was extensively developed by the Dutch in the 17th century. Notable features include double ramparts, a tidal drainage system, and the old city gate marked by Dutch and British coats of arms.
